Good Samaritan Prairie Ridge

Offering Designated Supportive Living
services in a unique home environment
to the community of Raymond.

The Good Samaritan Society (GSS) and Good Samaritan Canada (GSC) are leading faith-based, not-for-profit, registered charities in Western Canada that provide quality accommodations, health, and community care services and programs.

Our organization has developed and implemented innovations in care and housing and provides support and services to help all residents feel at home and become an integral part of the local neighbourhood.

The entire community benefits from the unique contributions and interests of those who reside, work, volunteer, and visit the building. Together, our goal is to create a friendly, home-like community.

Designated Supportive Living

Good Samaritan Prairie Ridge offers a total of 80 Designated Supportive Living (DSL) suites; 34 private studio suites for single persons, 4 one-bedroom suites for couples, 22 private dementia care rooms and 20 beds for mental health rehabilitation program.

The DSL program promotes privacy, dignity, independence, individuality, freedom of choice, and a home-like environment.

Residents are encouraged to furnish and personalize their suite with their own belongings. Residents pay an accommodation fee, which includes three meals plus snacks, housekeeping and linen service, and TeleCare® (an emergency response service).

Optional services include:

- Personal laundry.
- Cable.
- Parking.

The program offers residents 24-hour onsite personal care, with professional support of Licensed Practical Nurses. Support from extended professional services, such as registered nursing, physical therapy and occupational therapy are provided through community care and Alberta Health Services (AHS).

Dementia Care

Our dementia care program is designed after The Good Samaritan Society's unique cottage model and offers a home-like environment.

There are 22 dementia care rooms at Good Samaritan Prairie Ridge with private bathrooms. Common areas include a living room, kitchen, and access to a secure, fenced yard. Clients are included in the events of daily living to the extent that they are accustomed and able.

Seniors Mental Health Rehabilitation Program

The Seniors Mental Health Rehabilitation Program at Good Samaritan Prairie Ridge provides a safe place where someone who has difficulties with their mental health can receive therapy and nursing care. Mental health professionals and dedicated staff work together to develop individualized treatment plans. Individuals who decide to engage in treatment sign a *contract for success* upon admission. The aim of the therapy and nursing care is to help each person become the best they can be.

Nursing care is provided 24 hours a day through the Good Samaritans Licensed Practical Nurses and Health Care Aides, providing personal care and medication management. AHS Mental Health Registered Nurses are available Monday through Friday, 8:00 a.m. to 4:30 p.m., with on-call services available during other times.
