Information about the Clinic

The Clinic is similar to a regular physician's office focused on seniors with complex care needs. The goal is to assist our seniors to maintain independence living in the community addressing healthcare needs through primary care or partnership with their regular family physician.

Our appointments allow for:

- A comprehensive assessment of healthcare needs.
- Sufficient time to discuss concerns, provide education and support.
- Development of a client-centered plan focused on improving overall health and well-being.
- A coordinated approach to the delivery of care.
- An opportunity to facilitate linkages to community programs and services.

When is the Clinic open?

Monday to Friday from 9am to 4pm (closed 12pm to 1pm). After-hour physician phone support is available for urgent care issues.

Who can come to the Clinic?

Seniors with complex care needs residing in Edmonton and surrounding area.

Our Team

Our team values seniors, and we use a multi-disciplinary approach to address the needs of our clients. Our team includes physicians and nurses, a nurse practitioner and social worker, and administrative staff. We work in partnership with the Edmonton Southside Primary Care Network.

Referrals to the Clinic

Our Clinic accepts direct referrals from clients, families, caregivers, and healthcare professionals. For referrals to the Clinic please visit our website or call 780-440-8274.
