

September 2, 2021

Dear Residents and Loved Ones of Good Samaritan Christenson Village,

Out an abundance of caution, we are notifying you that a staff member has tested positive for COVID-19. In consultation with public health, it has been determined that the risk of transmission of COVID-19 is very low as our staff have taken all necessary PPE precautions. As such, neither an exposure nor outbreak has been declared at this time.

The care home has taken proactive measures to ensure the safety of our residents, family and staff. These procedures include taking residents temperatures and screening for any changes to their health.

The health and safety of residents, families and staff is our first priority and a responsibility we take very seriously. Should there be any further updates, we will provide these to you as we receive them.

COVID-19 cases are increasing in the community and immunization is still available for those who have not had the opportunity as yet. If you have not been immunized and wish to be, or if you should you have any questions or concerns, please contact Desiree Mowbray, Site Manager, at (604) 886-8747.

Sincerely,

Edythe Andison,  
Vice President and Chief Quality Officer
