

September 17, 2021

Dear Residents and Loved Ones of Good Samaritan Lee Crest,

Thank you for your continued patience and support during the outbreak at Good Samaritan Lee Crest. Since our last update to you on September 11, we have seen a decrease in COVID-19 cases in both employees and residents. Currently we have 1 resident case, 8 residents and 9 employees have recovered.

While this is good news, we must remain diligent and continue to follow all public health restrictions in place including restrictions to visitation. Please continue to reach out to the care home to arrange virtual visits or visit [www.gss.org/well-wishes](http://www.gss.org/well-wishes) to share photos and messages with your loved one. We know how hard visitor restrictions are as it's difficult not to be able to see those that we love in person.

For any residents who have not been immunized and wish to be, or should you have any questions or concerns, please reach out to Angela Henke, our Site Manager, by calling (403) 653-2034. If you call and we do not answer right away, please leave a message, and someone from the Lee Crest team will get back to you as soon as possible.

Sincerely,

A handwritten signature in cursive that reads "Edythe Anderson".

Edythe Anderson  
Vice President and Chief Quality Officer
