

November 19, 2021

Dear Residents and Loved Ones of Good Samaritan Linden View,

I'm happy to let you know that the COVID-19 outbreak at Good Samaritan Linden View has been declared over by public health. Since our last communication to you, no additional cases of COVID-19 were identified and residents and employees have since recovered. While this is the news that we have all been waiting for, it does not change the fact that we will remain diligent in our safety measures.

I would be remiss if I didn't take this opportunity to thank our site leadership, care and hospitality staff for their hard work and continual diligence to ensure the safety of our residents. I would also like to thank each of you for your support and patience during this outbreak.

Although the COVID-19 activity has declined in our surrounding communities we must all continue to remain vigilant and follow public health guidelines and restrictions. This includes continuous masking for the duration of your visit inside our care home or out in the community.

If you have any questions or concerns, please contact Laurel Sryda, Manager, Site and Clinical Services at (403) 223-6552.

Sincerely,

Edythe Anderson,
Vice President and Chief Quality Officer
