

September 17, 2021

Dear Residents and Loved Ones of Good Samaritan Linden View,

Further to our previous communication to you on September 10, I want to provide an update regarding the outbreak at Good Samaritan Linden View. Currently we have 2 active employee cases and 2 residents and 2 employees have recovered. Sadly, I must report that one resident has passed away from COVID-19 since our last communication. Each resident is a member of our care home community and we extend most sincere condolences to family and friends.

We continue to work with staff and public health officials and all precautionary measures currently in place will continue. These include:

- Enhanced screening of residents for symptoms twice daily.
- Enhanced cleaning.
- Visitation is limited to designated essential visitors only.

Additionally, asymptomatic testing of all residents on second (2) floor was completed on September 13 and all residents on first (1) and second (2) floor were tested today (September 17) – test results are pending.

As a reminder, for those that are unable to come in to have a social visit, virtual visits can be arranged by contacting the care home, or visit our website (www.gss.org) and use our Well Wishes tool to send a message or photos to any resident in our care.

For any residents who have not been immunized and wish to be, or should you have any questions or concerns, please contact Laurel Stryda, Site Manager at (403) 223-6552 for details on how to have this completed.

Thank you for your patience and understanding during this outbreak. It takes everyone working together, residents, family and staff to prevent the spread of COVID-19.

Sincerely,

Edythe Anderson,
Vice President and Chief Quality Officer
