

September 24, 2021

Dear residents and loved ones of Good Samaritan Mill Woods Centre,

Further to our communication to you on September 21, I wanted to provide you with an update regarding the COVID-19 outbreak at Good Samaritan Mill Woods Centre. Since our last update, we have identified 2 additional resident cases and 1 employee case of COVID-19 - currently we have 4 resident cases and 1 employee case.

We continue to work closely with GSS staff and public health officials to identify anyone who may have been exposed and to take the necessary steps to protect the health of all residents, families and staff. As previously indicated, a second round of asymptomatic swabbing will be offered to all residents and staff today.

All precautionary measures in place will remain in place until further notice. Once again, this does not mean that your family member is sick with COVID-19. However, in consultation with public health we ask that residents that are not fully vaccinated continue to remain in their room. Enhanced screening of residents for symptoms twice daily continues to be a priority.

If you have any questions or concerns, please reach out to Sathya Balasubramaniam, Site Manager, at Good Samaritan Mill Woods Centre at 780-413-3501 ext. 3.

Thank your continued patience and understanding during this outbreak.

Sincerely,

Edythe Anderson  
Vice President and Chief Quality Officer
