

September 17, 2021

Dear Residents and Loved Ones of Good Samaritan Park Meadows Village,

Further to our last communication on September 9, I want to provide you with an update on the COVID-19 outbreak at Good Samaritan Park Meadows Village. We currently have 5 active resident cases, 2 employees and 1 resident have recovered. It is with sadness that I report that 1 resident has passed away since our last communication to you. My sincerest condolences to the resident's family and friends.

We continue to work closely with public health and precautionary measures currently in place will continue. Additionally, asymptomatic testing of all residents will be completed once again during the week of September 20.

As a reminder, for those that are unable to come in to have a social visit, virtual visits can be arranged by contacting the care home, or visit our website (www.gss.org) and use our Well Wishes tool to send a message or photos to any resident in our care.

For any residents who have not been immunized and wish to be, or should you have any questions or concerns, please reach out to our site manager, Carmen Peterson at (403) 359-7222 for details on how to have this completed.

Thank you for your patience and understanding during this outbreak. It takes everyone working together, residents, family and staff to prevent the spread of COVID-19.

Thank you,

Edythe Andison,
Vice President and Chief Quality Officer
