

October 10, 2021

Dear Residents and Loved Ones of Good Samaritan Prairie Ridge,

Further to my letter to you on September 23, I wanted to provide you with an update regarding the COVID-19 outbreak in cottage 2, 3 and 4 at Good Samaritan Prairie Ridge. I'm happy to report that no additional cases of COVID-19 have been identified at this time and therefore public health has declared the outbreak to be over.

Although this is great news, we know that COVID-19 continues to be active in our communities and therefore we must all do our part to ensure the safety of our residents, families and employees. This means following public health restrictions not only within our care home but also out in the community. Please ensure that when visiting a resident in our care, you are continuously wearing a mask for the duration of your visit, in all areas.

For any residents who have not been immunized and wish to be, or should you have any questions or concerns, please reach out to James Riedlhuber our Manager, Site and Clinical Services, at 403-752-3441 extension 57222.

We appreciate your continued support and patience during this outbreak.

Sincerely,

Edythe Anderson,
Vice President and Chief Quality Officer
