

October 5, 2021

Dear Residents and Loved Ones of Good Samaritan Vista Village,

I want to provide you with an update regarding the COVID-19 outbreak at Good Samaritan Vista Village. Since my last letter to you on October 5, we have not identified any additional cases of COVID-19. Currently, we have 1 active resident case and 1 resident and 2 employees have recovered. While this is good news, we must continue to remain diligent and adhere to all of the safety precautions in place.

We continue to work closely with public health officials and all precautionary measures currently in place will continue until public health declared the outbreak to be over.

The COVID-19 activity continues to rise in our surrounding communities and therefore it is important that we all follow public health guidelines and restrictions to ensure the safety of our residents, families and employees. This includes that all visitors continuously mask for the duration of their visit inside our care home, in all areas.

If you have any questions or concerns, please contact Logan McInnes, Manager, Site and Clinical Services at (403) 627-1900.

We appreciate your support during this outbreak.

Sincerely,

Edythe Anderson,  
Vice President and Chief Quality Officer
