

October 19, 2021

Dear Residents and Loved Ones of Good Samaritan Vista Village,

Since my last letter to you on October 12 regarding the COVID-19 outbreak at Good Samaritan Vista Village, we have not identified any additional cases of COVID-19. Currently, we have 1 active resident case and 1 resident and 2 employees have recovered. We must all continue to remain diligent and adhere to all of the safety precautions in place until the outbreak is declared over.

The best defense against COVID-19 continues to be immunization and as the COVID-19 activity continues in our communities, I encourage you to get vaccinated if you have not already done so. Furthermore, with influenza season approaching, it is important that we protect those in our care and therefore please consider getting your flu vaccine.

If you have any questions or concerns, please contact Logan McInnes, Manager, Site and Clinical Services at (403) 627-1900.

Thank you for your ongoing support during this outbreak.

Sincerely,

Edythe Anderson,  
Vice President and Chief Quality Officer
