

September 30, 2021

Dear Residents and Loved Ones of Good Samaritan Vista Village,

Please be advised that the COVID-19 outbreak at Good Samaritan Vista Village has been declared over by public health. This is as a result of the hard work and continual diligence on the part of our employees, residents and families.

Although this is great news, we must continue to remain diligent in following all public health restrictions in place, including those in the community. COVID-19 activity continues to rise in our surrounding communities and is a concern for many. If you are out in the community, we would encourage you to follow all public health guidelines and restrictions and continuously mask for the duration of your visit inside our care home or out in the community.

Finally, I would like to sincerely thank all of our residents, their loved ones, and our employees for their continued patience and assistance as we've managed through this recent outbreak. It is truly a team effort, and we are very appreciative to everyone involved.

Please stay safe and take care of yourself and your loved ones.

Sincerely,

Edythe Anderson,
Vice President and Chief Quality Officer
