

October 1, 2021

Dear Residents and Loved Ones of Good Samaritan Delta View Care Centre,

Further to our communication on September 29, we have been notified that a resident has tested positive for COVID-19. As a result, Fraser Health has declared and communicated an outbreak within the Dorothy Meadows and Cascades unit at Good Samaritan Delta View Care Centre. We are working closely with public health to identify anyone who may have been exposed, and we are taking steps to protect the health and safety of our residents, families and employees.

Out of an abundance of precaution, affected residents have been placed on contact/droplet precautions and are isolated in their room. Asymptomatic testing of residents and employees is being completed. In addition, as per the direction of public health, the following precautionary measures have been implemented within Dorothy Meadows and Cascades only:

- Social visits are on hold.
- Essential visitors are able to visit if fully vaccinated and are to adhere to continuous masking throughout the visit.
- End of life/palliative visits can continue.
- Enhanced daily screening of residents twice per day.
- Enhanced cleaning and sanitizing.
- Group activities are on hold.
- Resident meals for those affected will be delivered to their room and physical distancing to be maintained elsewhere in the dining rooms as much as possible.
- Where possible, employees will be cohorted to a specific unit.

I know this must be a stressful time for you and therefore we will provide weekly updates. Please know that the health and safety of our residents, families and employees is our first priority and a responsibility we take very seriously.

As COVID-19 cases continue to rise significantly in the community, we would like to encourage everyone eligible to get immunized against COVID-19 as soon as possible. Immunization protects yourself and others and helps to prevent severe illness and hospitalization.

If you have any questions or concerns, please reach out to your Preeti Gill, Care Coordinator, at 604-501-6700 extension 152.

Sincerely,

Edythe Anderson,
Vice President and Chief Quality Officer
