

September 2, 2021

Dear Residents and Loved Ones of Good Samaritan Stony Plain Care Center:

Further to our last communication sent to you on August 26th, I want to provide you with an update on the COVID-19 alert status at Good Samaritan Stony Plain Care Center. I am happy to report that no additional cases of COVID-19 have been identified and as a result public health has declared this alert to be over. While this is excellent news, I can assure you that our employees remain diligent and continue to follow all of the Chief Medical Officer of Health directives.

Also, a friendly reminder that screening processes upon entry to the care home and continuous masking in common spaces are still required as part of the public health requirements. As COVID-19 cases continue to rise in the community, we would like to encourage everyone eligible to get immunized against COVID-19 as soon as possible. If you wish to be immunized and you are a resident, please reach out to your site manager for details on how to have this completed. If you are a family member and would like further information, please visit the [Government of Alberta website](#) and book your appointment today.

Thank you for your patience and understanding as we've managed through this alert.

If you have any questions or concerns, please contact Sherry Busslinger, Client Service Manager for Good Samaritan Stony Plain Care Center at (780) 963-8475.

Sincerely,

Edythe Andison,
Vice President and Chief Quality Officer
