Office of the President and CEO

July 8, 2020

Dear individuals and loved ones of Good Samaritan Westpark Home,

Further to my last communication sent to you on June 10, 2020, I wanted to provide you with an update on the situation at the group home. I am happy to report that Public Health has informed us that the COVID-19 outbreak has now been declared over.

We need to continue to ensure additional precautions are in place to protect both our individuals and our employees. This includes, but is not limited to, wearing appropriate personal protective equipment (PPE), proper hand hygiene, enhanced cleaning protocols and screening of both employees and individuals.

If you have any questions, please contact Minnie Dawyd, program manager, at 780-431-3738 or mdawyd@gss.org.

Sincerely,

Michelle Bonnici
Interim President and CEO
