

November 20, 2020

Dear residents and loved ones of Good Samaritan Spruce Grove Centre,

Recently, an employee at the care home tested positive for COVID-19. Based on the last day worked and the date that the employee developed symptoms the risk of transmission is very low. Currently, we are not on a confirmed outbreak; however, in consultation with Alberta Health Services and out of an abundance of caution, we are going to be conducting asymptomatic testing for residents and employees.

We are working to arrange testing over the weekend, and will also be implementing a few other precautions including employees continuously wearing their masks and face shields, and enhanced cleaning protocols.

If you have any questions, please reach out to Lisa Miller, our site manager, by calling (780) 962-3415. If you call and we do not answer right away, please leave a message, and someone will get back to you as soon as possible.

Thank you for your patience and understanding.

Sincerely,

Scott Fielding

Vice President of Operations, Quality, and Clinical Supports
