

December 23, 2020

Dear residents and loved ones of Good Samaritan Village by the Station,

As of today, our current case numbers at the care home are as follows:

- Two active resident COVID-19 cases on the second floor.
- Two residents have recovered.
- Two active employee COVID-19 cases.
- Three employees have recovered.

While it is positive news that we're starting to see employees and resident's recover, I can assure you that our employees continue to remain diligent when it comes to following all of the public health orders to keep our residents safe and healthy. All outbreak protocols that I outlined for you in my last letter remain in place, and we continue to work closely with Interior Health to ensure we're doing all that we can to mitigate the transmission of the virus.

Any further asymptomatic testing would be coordinated in consultation with Interior Health, and I can assure you that should any resident test positive, their primary contact or legal health representative will be contacted right away.

At this time, visitation continues to only be compassionate care reasons (e.g. end-of-life). Please continue to reach out to the care home to arrange virtual visits and visit our website (www.gss.org/well-wishes) to send photos and messages to any resident in our care. As always, you can visit our website (<https://gss.org/covid-19-outbreak-disclosure/>) to see our most up-to-date case numbers for the care home. We update the website daily if there are new case numbers to share.

I would like you to know that we are here to support you and your loved ones and will continue to keep you updated on this matter as we receive new information. If you have any questions, please reach out to Gary Tamblin, our site manager, by calling (250) 490-4949 Ext. 31222. If you call and we do not answer right away, please leave a message, and someone will get back to you as soon as possible.

Thank you for your patience and understanding.

Sincerely,

A handwritten signature in cursive script that reads "Edythe Andison".

Edythe Andison
Interim Incident Commander

On behalf of:

Scott Fielding
Vice President of Operations, Quality, and Clinical Supports
