

January 6, 2021

Dear residents and loved ones of Good Samaritan Village by the Station,

As of today, our case numbers at the care home have not changed since our last updated to you on December 29, and remain as follows:

- Zero active resident COVID-19 cases on the second floor.
- Four residents have recovered.
- Sadly, since the beginning of the outbreak, one resident has passed away.
- Zero active employee COVID-19 cases.
- Five employees have recovered.

While all of the residents and employees are now recovered, I can assure you that we continue to work closely with Interior Health and the outbreak protocols remain in place for the time being. Any additional asymptomatic testing is being coordinated with Interior Health, and should any resident test positive, we will notify their primary contact or legal health representative right away.

At this time, visitation continues to only be compassionate care reasons (e.g. end-of-life). Please continue to reach out to the care home to arrange virtual visits and visit our website (www.gss.org/well-wishes) to send photos and messages to any resident in our care. As always, you can visit our website (<https://gss.org/covid-19-outbreak-disclosure/>) to see our most up-to-date case numbers for the care home.

If you have any questions, please reach out to Gary Tamblin, our site manager, by calling (250) 490-4949 Ext. 31222. If you call and we do not answer right away, please leave a message, and someone will get back to you as soon as possible.

Thank you for your patience and understanding.

Sincerely,

Scott Fielding
Vice President of Operations, Quality, and Clinical Supports
