

January 6, 2021

Dear residents and loved ones of Good Samaritan Mountainview Village,

Our current case numbers for the care home are as follows:

- Zero active resident cases.
- Six residents have recovered.
- Sadly, since the beginning of the outbreak, two residents have passed away.
- One active employee COVID-19 case.
- Seven employees have recovered.

We continue to work closely with Interior Health at this time, and all outbreak protocols outlined in earlier communications continues to be in place. Any additional asymptomatic testing is being coordinated with Interior Health, and should any resident test positive, their primary contact or legal health representative will be notified right away.

Visitation continues to only be compassionate care reasons (e.g. end-of-life), but we encourage you to continue to reach out to the care home to arrange virtual visits and visit our website (www.gss.org/well-wishes) to send photos and messages to any resident in our care.

As always, you can visit our website (<https://gss.org/covid-19-outbreak-disclosure/>) to see our most up-to-date case numbers for the care home. If you have any questions or concerns, please reach out to John Brewster, our Director of Operations for British Columbia, or Tannis Gamble, our care manager, by calling (250) 717-3918.

Thank you for your patience and understanding.

Sincerely,

Scott Fielding
Vice President of Operations, Quality, and Clinical Supports
