

April 29, 2021

Dear residents and loved ones of Good Samaritan Prairie Ridge,

Since our last letter to you on April 23, 2021, I would like to notify you that we have had another employee who contracted COVID-19, bringing our total to two active COVID-19 employee cases. I want to assure you that all of the outbreak protocols outlined in our last communication continue to be in place, and we are working closely with Alberta Health Services and Public Health.

Asymptomatic swabbing for residents and employees was completed earlier this week, and should any resident test positive, their primary contact or legal health representative will be contacted right away.

As social visits remain on hold at this time, I encourage you to reach out to the care home to arrange virtual visits or visit www.gss.org/well-wishes to share photos and messages with those in our care. We are also asking all designated family and support visitors to please limit their visits to the care home unless deemed essential to the resident's well-being. Compassionate care visits (e.g. end-of-life) will continue as normal

Please continue to visit our website to see the most up-to-date case numbers (<https://gss.org/covid-19-outbreak-disclosure/>). If you have further questions at this time, please contact Romay Fairbanks, site manager, at 403-752-3441.

Thank you for your patience and understanding.

Sincerely,

Edythe Anderson
Director of Quality and Clinical Supports
Good Samaritan Emergency Operations Centre Incident Commander
